Our Fruit and Vegetable Chewables deliver added whole food based nutrition from 22 different fruits, vegetables, and grains in a tasty, soft chewable form. The appealing taste comes from two all-natural sweeteners - tapioca syrup and organic cane syrup - with absolutely no high fructose corn syrup. It contains no artificial flavours or artificial colours and is 100% vegetarian; the 'chewiness' comes from fruit pectins, not gelatine.

For every adult that purchases any of our packages they will receive our children's gummies for free (this includes all packages excluding the "On-The-Go Package"). In return, all we ask is for you to enter our Children's Health Study.
